When purchasing a new gage, block-style scrapers in 440-C may be substituted for A-1 or A-3 scrapers for an additional \$200.

Any block-style scraper for a plate larger than 4" can be quoted separately as a special order.

Custom wedge printing plates are available. Contact your Precision Gage & Tool representative for a quotation.

Please use New Part #560242 or Refurbished Part #660242 when specifying a custom printing plate.

All wedge printing plates are supplied with the appropriate Scraper.

Custom applicators and sag meters are available. Contact your Precision Gage & Tool representative for a quotation.

Please use New Part #160242 or Refurbished Part #260242 when specifying a custom applicator.

### Inspection and Certification Services

Inspection report	INSPREPT	\$40.00		\$40.00
Long Form Certification, Grind Gages and 3 or more Step Applicators and Bars, <b>now includes incoming data*</b>	LONGGG	\$85.00		\$85.00
Long Form Certification, Bird-style Applicators and 2-step Bars, <b>now includes incoming data*</b>	LONG2S	\$60.00		\$60.00
Long Form Certification, Scrapers <b>Final inspection data ONLY</b>	LONGSC	\$60.00		\$60.00
Short Form Certification	SHORTGG	\$40.00		\$40.00

\*No incoming numeric data available for scrapers.

Certification is not included with new gages - it is an optional line item ordered separately. Exceptions include Bird-style Applicators and Vacuum Plates.

For certification of new gages, "as found" data is the same as final inspection data.

For re-certified gages and refinished gages ordered with certification, Long Form Certifications include incoming inspection, "as found" data and final inspection data.
